Student Cell Phone and Electronic Device Policy

Landmark Academy and Performing Arts strictly prohibits the use of personal cell phones or electronic devices while on the campus. Cell phones and electronic devices disrupt class and the learning environment by which we strive to maintain each day, therefore these devices will not be tolerated on school property. This includes: mp3 players, compact disc players, DVD players, laser pointers, electronic noise makers, GPS, or any other personal electronic devices deemed unacceptable by the staff of Landmark Academy

We are aware there are instances when a student may need to have a cell phones, so if any student is required to have a cell phone on the campus, it must be kept in a secured location out of view, and turned off completely; silenced, muted, or vibrate are all unacceptable, and in violation of this policy.

Students that violate this policy, deliberately or indirectly, will have their device(s) taken up by a staff member, who will exercise the following consequences (student initials):

- _____ 1st time – Device taken up until the end of the school day (3:40pm), including early release
- _____ 2nd time – Device taken up until the end of the week (Friday at 3:40pm)
- _____ 3rd time – Device taken up until student pays \$20.00
- _____ 4th time – Device taken up until student pays \$40.00
- _____ 5th time – Device taken up until the end of the school year

The consequences listed above are non-negotiable and are at the expense of any student who violates this policy. Any student choosing to not submit their phone or electronic device, when asked by the staff of Landmark Academy, will be sent home immediately following a call to a parent or guardian, and will lose transportation privileges for the day.

By signing this policy, you are signing that you (and your student) fully understand and agree with its contents and meaning, and hereby agree that this policy will be filed and used if ever the need arises which may require Landmark Academy to provide justification for any decisions made throughout the school year.
